

WHAT'S ON

IN AUGUST 2024

WWW.SELWYNCCC.CO.NZ

**SELWYN CENTRAL
COMMUNITY CARE**

Hope you are all surviving the colder weather. It has been a bit dismal recently. Oh, for the hard frosts and sunny days. Just as well no one is in charge of the weather. By the looks of it we will be hunkering down next week with the very low temperatures expected. We have had a busy time which must mean you are all receiving appointments.

One day our fantastic volunteers provided their time and energy for 9 drives. I think that was a new record.

In case any of you require an MRI, they can be done in Rolleston. I know they do X-rays but not sure what other services are provided.

The Arthurs Pass trip was a great success, a good time was had by all. Some wanted cross to the other side and the van went onto Otira. They stopped at so many places, including Castle Hill. David certainly gave everyone a full day.

OUTING DE-BRIEF Quake City & Strawberry Fare

We had a lovely outing to Quake City today, was great to see the timeline of earthquakes in NZ and Lynley and I had fun playing in the liquefaction display, burying our water balls.

The most popular section for our ladies on the bus today was the recollections videos area where people told their stories from the earthquake, very human and interesting and I think we all found stories we could relate to from our experience's.

Afterwards we headed off to Strawberry Fare for a very lazy long lunch, most of us enjoyed the chicken and veges and I had poached eggs on sourdough that was delicious. Some of us also enjoyed dessert and tea or coffee. We were well spoilt on our visit and had a lovely time. It was quiet in there today so we enjoyed the view and have had great chats.

A magic day today, and I also got some great ideas for future trips!
